LVCHO

Lompoc Valley Community Healthcare Organization, Inc.

HEALTHY LOMPOC

*Free Prescription
Voucher Program*

The Lompoc Valley Community Healthcare Organization (LVCHO) has a free voucher program for the prescription pharmacy needs of indigent and low-income patients, including those who are uninsured, underinsured, cash pay or those who are experiencing a lapse in insurance, for example. The focus of the program is for acute or short-term needs, up to a maximum of a 30-day supply. The patients physician or other medical provider determines the patients need for the assistance, provides the prescription and voucher in office, enabling the patient to have access to a free, one-time medication. Prescriptions may be filled at Albertsons (Sav-On) Pharmacy or the LVMC acute hospital pharmacy.

Vouchers can be provided to your office by calling 805-736-4580 or e-mail costaa@lvcho.org. We encourage utilization of this program for your patients in need.

Thank you,

Ashley Costa
Executive Director
LVCHO
